

## **Member Benefits Club – Newfoundland and Labrador Construction Association**

**Academy Canada is pleased to offer members of the Newfoundland and Labrador Construction Association a 15% discount on corporate training prices!**

### **Corporate and Contract Training Division**

In addition to its full-time diploma programs, Academy Canada delivers a wide range of contract training services to employers and community groups. It offers innovative programs that keep our clients on top of the latest trends and developments in their industries. They gain new skills and qualifications while their company benefits with increased productivity and efficiency.

We work with clients to assess their needs and tailor workshops/courses/program to meet their training needs.

Corporate training can take many forms:

- Training can be as short as 3 hours or as long as several months in duration
- Industry certifications leased from other providers or developed in-house specifically to client specifications
- Classroom-based, on-the-job, delivered by distance, instructed in one of our 15 industrial shops...or any combination
- Offered in any NL community, across Canada or abroad
- Focused on student testing or for interest only (not tested)
- Designed to suit any budget

Examples of Academy Canada's corporate training include:

- Computer Training: MS Excel, MS Word, AutoCAD, Payroll Training, SAGE Accounting
- Safety Training: OH&S Representative and Committee Training, Bus Driver Training, Fall Protection Certification Training, Confined Space Entry
- Manufacturing and Production: Chainsaw Safety, Wood Pellet Production Worker, Explosive Proof Lighting, Fresh Fry Plant Worker
- Apprenticeship Training: Heavy Equipment Operator, Industrial Mechanic Millwright, Carpenter
- Post Journey Training: Gold Seal Certified Courses
