

ONLINE COURSE

Construction Project Management

Allows self-paced, online e-learning, accessible 24/7 on desktop, tablet, and mobile devices.

For everyone working in construction.

Gain the knowledge and skills to help you successfully plan, manage, and administer projects from start to finish.

- ✓ Understand the construction business and your role in it as a construction project manager.
- ✓ Know how to effectively communicate through listening, writing, and verbal communication.
- ✓ Know how to manage and maintain worksite relationships.
- ✓ Understand what happens at the project procurement stage.
- ✓ Know your roles and responsibilities at the pre-construction, construction, and close-out stages.

This course uses interactive elements, scenarios, videos, and quizzes to reinforce learning.
